THE GREAT NATIONAL HORSE FAIR ON THE FASHION COURSE.		THIRD DAY.
The campaign this year is dull and lifeless, as the Republicans have given up their efforts to contend with the Copperheads and War Democrats. But two papers in the State support the Copperhead ticket, and all the leading Democrats have deserted it. The nominees cannot be induced to resign yet, though great pressure is being brought to bear upon them. A War Democrat Convention is to put their man on the track for Governor, in case of a tie. The Copperhead ticket will hold fast to the bitter end. If they do say our four thousand majority will be six thousand in November.		
The following resolution was adopted:		
Resolved, That the Mayor and Council be and are hereby authorized and empowered to advertise for such a number of substitutes for drafted men as they may require, and to pay the expenses of their removal.		
The Board then adjourned until this morning.		
The Board of SUPERVISORS.—The Board met at the County Hall, in Raymond street, yesterday afternoon. Supervisor Tolson in the chair. The bill of the 4th Regiment for services since their return from Pennsylvania amounted to \$6,000 in addition to rations on account. The matter was referred to the Committee of Accounts.		
A communication was presented from the contractors for the new bridge over the Union canal, enclosing a bill for \$1,000 for labor and materials. The bill was referred to the Committee of Accounts.		
The militia bills presented at the last meeting were ordered to be sent back and new bills forwarded giving full particulars and specifications of the work.		
A Committee was appointed to ascertain the cost of repairing the county buildings with water pipes. It was reported that the cost of laying the water pipes would be \$12,000. They asked an extension of time to report on the other matters, which was granted.		
The Committee on Acccounts were directed to wait on the Police Commissioners to ascertain if there was any further necessity for keeping the military under arms in this city.		
The Board then adjourned.		
THE GRATEPOINT KILLING.—The infernal machine into the death of the boy Henry Bell, 11, is still being hotly disputed. The boy was shot in the head with a half pound cast iron ball by a twelve year old workman named Jeremiah McFetrich, who knocked him off a staging 20 feet high and 14 feet from the ground. He had not produced a gun, as California Damer, who had won two bets out of the four the preceding day, was withdrawn, as she was entered for the race.		
The trial was withdrawn, as it was evident that no moderate jury could be found to sit. The boy was buried in the grave he had dug for himself in the sand.

The Bengal Harkam describes a trial, the result of which has given great offence to the missionaries. One Hindu woman, a Hindoo boy, and a Hindoo girl, were tried for the murder of a Hindoo boy, 14, who had been educated in Dr. Duff's school, and had become a convert to Christianity, refused to return to his father, who beat him. He displayed more than average capability in his defense. One of the culprises was elected to the Bengal Congress in Philip T. Herbert, who was a Representative in the XXIVth Congress from Calcutta, and while in Washington made himself known by telling of his trials at one of the huts.		
This gives us the Union girls in 154 towns over the State. This is about the total vote of the State. If the remaining 15 towns give 100% to the Union, we have 15,400. Add this to the 154 towns, and we have 15,554. Add this to the 15 towns, and we have 15,608. Increase the aggregate vote by 10%, and we have 16,168. The above figures comprise about three-fourths of the vote of the State.		
From The Ranger Wkng., Sept. 16.		
In 184 towns reported yesterday, the vote stands: Cong. 40,890; Bradbury, 27,075; being a majority of 13,815 for Cong.		
Last year in the same towns stood: Coburn, 29,235; Bradbury, 17,714; Jameson, 4,634. Coburn's majority was then 12,521.		
This gives us the Union girls in 154 towns over the State. This is about the total vote of the State. If the remaining 15 towns give 100% to the Union, we have 15,400. Well ANSWERED.—The Nashville Union, referring to a contemptuous remark of a Copperhead paper that "Sambo is getting to be of great importance in these latter days," says: "The negro has been of great importance for more than a generation. He has cut down the foreign slave, and is already a power in the South. We have come to rule the nation. He has caused one foreign war, and already, and before long, will cause another."		
SHOCKING ACCIDENT IN JEFFERSON CITY.—A heart-rending accident occurred at Jefferson City, Mo., on the 13th inst. after dark. Two little girls, Annie, the daughter of Major D. L. Dale, and Alberta, the daughter of Capt. G. L. Benge, while playing on the doorstep of Mrs. Benge's boarding house, were fatally wounded by an accidental discharge of a gun at 10 o'clock at night belonging to Capt. D. L. Benge, a Missourian. The ball passed through the bows of both, tearing out the stem and intestines of Capt. D. L. Benge's daughter, and entering them in a terrible manner. She died at four o'clock this morning. The ball also passed through the bows of Annie, Major D. L. Benge's daughter, who survived but a few hours.		
Third Heat.—Port Royal went off with the lead, but broke on the first quarter, and Tartar was ridden by Lady. The second quarter was won by Tartar, and Col. Royal, and the third quarter by Tartar, with fine judge-

SEIOUS ACCIDENT AT FORT HAMILTON.—As Capt. Goodwin's Battery of breech-loading guns was practising at the Water Battery at Fort Hamilton, yesterday at noon, a terrible accident occurred, in which the Captain and private Fitzgerald were dreadfully maimed. The cause of the sad occurrence was the premature discharge of one of the guns. Fitzgerald suffered amputation of the right arm, and it is feared the Captain will lose his eyesight. Lieut. Ferri narrowly escaped injury, the
